Joseph P. Damore

Objective A challenging position utilizing my professional experience, broad knowledge base and creativity.

Summary of qualifications

2002 – Present - Dutchess Community College
Adjunct Faculty – Computer Information Systems

- Taught and Continue to teach CIS 100 “Introductory Seminar”
- Taught and Continue to teach CIS 107 “Conducting Business on the Internet”
- Taught CIS 108 “Research on the Internet”
- Taught and Continue to Teach CIS 111 “Computer System Fundamentals and Applications”

2002 – Present - **Webmaster** - Created and Maintain WWW Pages for Several Sites

- Essence of Ta-Nehisi Cuisine – www.essenceofta-nehiscuisine.com
- Carpenters Local 19 – www.carpenterslu279.org
- McCann Golf Course – www.mccanngolcourse.com
- Holy Trinity School – www.holy-trinity-school.com
- Hudson Valley Building Trades – www.builditunion.com
- Joe Damore – www.joedamore.com

Expert in the use of Dreamweaver, Flash, Fireworks, HTML and JavaScript as well as Paint Shop Pro and Adobe Professional.

2000 – 2001 Blackstone Technology Group
Industry Practice Consultant

- Part of the EDA Team at Blackstone, including, methodology, authoring of papers and general EDA consulting.

1964 - 2000 IBM Corporation Poughkeepsie, NY
Senior Technical Staff Member

- Technical Executive responsible for a \$14+ million dollar Electronic Design Automation (EDA) budget for software applications. Expert in EDA applications and methodology.
- Very knowledgeable in all aspects of Internet and PC use including Windows XP/NT/95/98/ME, Unix, Lotus, Office, Adobe, VM, C, HTML, etc....

Program Manager

Managed a group of 100+ EDA software application developers. Very experienced program and project manager.

Senior Manager

- Managed the IBM Poughkeepsie Laboratory's 3090 System internal design tools development and simulation/verification areas. Led development of applications and methodology to ensure a quality Large System design/development.

Senior Engineer

- Part of the IBM EDA function responsible for developing design methodologies and defining application software needs. Developed a deep understanding of EDA applications and methods.

Development Engineer

- Member of Product Test function with responsibility to ensure products met or exceeded specifications. Very experienced in ensuring a quality product to consumers.

Education	1953 - 1957	Manhattan College	New York, NY
	B.E.E. Major - Electronics		
	1969 - 1972	Union College	Schenectady, NY
	M.S. Major - Industrial Administration		
Professional experience	1957 - 2000	USAF, General Precision, IBM Airborne Electronics Officer, Radar Development Engineer, Computer Systems Development Engineer, Senior Engineer, Program Manager, Senior Technical Staff Member	
		<ul style="list-style-type: none"> ■ See Summary of Qualifications above. 	
		Began independent business to create home pages and imaging. Business is "Creative Images."	
Patents and publications		ITL Conference Paper, "Package Design Support for Custom CMOS Chip Design".	
		Computer Magazine, "Hot Topics in Electronic Design Automation".	

Member Editorial Board, (Computer Assisted Engineering) Design and Test Magazine.

Webmaster for Design Automation Technical Committee (DATC) Web Pages, at URL: <http://www.datc.info>

Newsletter Editor for DATC Newsletter written monthly for Design & Test magazine.

Synopsys User Group (SNUG) 2001 Paper and Presentation "Optimizing Simulation Effectiveness With Compute Farms".

Additional professional activities

IEEE, ACM, IEEE/Computer Society, IEEE/Computer Society/Design Automation Technical Committee (DATC), IEEE/Computer Society/Test Technology Technical Committee, IEEE/IFIPS WG10.5.

Awards received

Outstanding Technical Achievement Award for Design Verification Methodology.

Informal Awards for Methodology, EDA Application Development, Processor Controller Software Development and Technical Symposiums.

Team Awards for Vendor Management, EDA Application Development and Technical Symposium.

Certificate of Appreciation from IEEE/Computer Society for serving as DATC Newsletter Editor
